IS-SENA EWROPEA TAL-WIRT KULTURALI 2018

Dicembru 2017

Is-sena 2018 hija s-Sena Ewropea tal-Wirt Kulturali u se tigi inawgurata ufficjalment fi-Forum tal-Kultura Ewropea fis-7 ta' Dicembru 2017 f'Milan, l-Italja. Il-wirt kulturali jsawwar il-haja taghna ta' kuljum. Jinsab madwama fi-bliet, fi-pajisaggi naturali u fi-siti arkeologici tal-Ewropa. Jinsab mhux biss fil-letteratura, fi-arti u fi-oggetti, izda wkoll fis-snaja' li tgħallimna mill-antenati taghna u fi-istejjer li nirakkuntaw lil uliedna, fi-ikel li nieklu u fi-films li naraw u li nagħfu liina nfusna fihom.

Il-wirt kulturali jgħaqqad lill-Ewropa permezz tal-istorja u tal-valuri komuni taghna. Jirrapprezenta wkoll ir-rikkezza u d-diversita' tat-tradizzjonijiet kulturali taghna. Il-wirt kulturali komuni taghna għandna nifirmuh, għandna nghozzuh u għandna nitcelebrawh. Madankollu, il-wirt kulturali mhuwiex biss xi haga li wirtna mill-imghoddi. Jghinna wkoll biex inwittu t-triq li għandna quddiemna u biex infasslu l-gejjieni taghna.

Fis-sena 2018 se jkun hemm għadd bla precedent ta' inizjattivi u avvenimenti madwar l-Ewropa. L-għan tagħhom hu li jqarbu lin-nies lejn il-wirt kulturali tagħhom u li jinvolvuhom iktar miegħu, li jheggu l-oqsim u l-apprezzament tal-wirt kulturali rikki tal-Ewropa u li jsalhu s-sens ta' appartenenza għal-ispazju komuni Ewropew. Is-Sena Ewropea tal-Wirt Kulturali hija taghna ikoll!

Customs & Traditions

With its roots firmly in folklore and religion, the Maltese Islands celebrate a long history of dependence entwined with modernisation.

Over the past half century, this little **Mediterranean** island, freshly self-determining after a long history of colonisation and dependence, achieved a great deal in the way of modernisation. Much of the progress was achieved at break-neck speed, including an advanced infrastructure, well-developed industries like financial services, IT, and others. While much of this may come as a surprise to first time visitors, this transformation has not eliminated the core elements of **Malta's** cultural identity – **its customs and traditions**.

Largely rooted in rural folklore and religion, Maltese customs are still clearly visible in everyday life, most notably, the **village festa**. This celebration of the local village's patron saint started over five centuries ago, during the reign of the Knights of St. John, and till today, brings with it a colourful cacophony of Mediterranean boisterousness. Possibly the most well known is the Feast of St. Peter and St. Paul, or Mnarja. This highlight of the cultural calendar is celebrated in the wooded area of Buskett, and features animal and agricultural displays, traditionally cooked rabbit, and għana – a traditional type of Maltese music.

Traditional life starts early on in Malta. The vast majority of babies are still baptised into the Roman Catholic faith, and this celebration usually involves a not so intimate gathering with family, friends, and of course, food. Shortly after, usually on a child's first birthday, the Maltese practise a little-known tradition called the il-*għusija*, which involves the child crawling towards a collection
